

NOW AVAILABLE

PANDEMIC PLANNING KIT

Some organizations and businesses need to quickly implement an action plan to address pandemic risks at a low cost. We can provide your team with the tools and know-how to put an effective plan in place with minimal professional help.

The kit consists of:

- ***Plan Management Framework and Tools***
 - Project plan steps necessary for development of pandemic plan
 - Introductory training materials for plan supporters
 - Checklist for risk assessment
 - Readiness benchmark assessment
 - Tools for implementation
 - Example communications materials
- ***2 days of training & consulting support with our qualified experts***
 - Help with defining pandemic planning scope and strategy
 - Assistance to understand plan steps and customize it appropriate to your company or organization's needs and size
 - Identification of needed inputs, gaps, and/or support issues
 - Help to identify prevention and mitigation strategies (once risk assessment is complete)
 - Assistance with development of a detailed implementation plan

Requirements: Microsoft Word, Excel, PowerPoint, Project (optional)

Cost: \$7,000. CDN*

Call us to book now at +1-416-221-6792 or email us at contactus@bcphelp.com

***Plus any expenses to bring consultants on site for "in person" training & consulting**

Note: Additional consulting support time can be negotiated as required. Your needs will depend on the size and complexity of your company or organization. Costs are on a per diem plus expenses basis.
